

The Mouflon Story

CREATED BY

OVERVIEW

The Mouflon Story is an interactive (indoors) experience following a football team's story. During this experience the participants are asked to cooperate and solve complicated quizzes and riddles. This workshop aims to demonstrate the power of various behaviours and attitudes in the work environment, and their role in everyday performance.

It is designed to include a fun, team-building exercise, where knowledge of sports is not at all necessary.

DEBRIEFING

Following the exercise, the facilitator will hold a debriefing session. Participants will be asked to share their experience, the challenges that arose during the exercise, how they worked and performed as a team, what they could do better and how that relates to their actual work challenges. The aim is for participants to gain understanding and find areas of improvement through sharing and self-reflection.
